

What's Coming in Enrole

Roadmap and Roundtable

Brian Jackson and Team

- 
1. Sub domains
 2. Partnerships
 3. AI
 4. Priority
 5. Discussion
 6. Thank you

Sub domains

www.enrole.com/abc

- If your context is abc then your current cart would live at the address above. Enrole would live at www.enrole.com:8889/abc.

← abc.enrole.com

- You can also currently use the above shortcut (i.e. in marketing materials but, when used, it just redirects to the address on the left).

abc.enrole.com

- sub domain deployment means your cart would live at this address

← www.enrole.com/abc

- Anyone who has a bookmark in this old style will be automatically redirected to the new address.

Sub domains

Why is this changing?

Search engine experience

No port numbers (enrole)

Easier security setup

Virtual host options

Seamless transition

Partnerships extending team

Testing

- Manual (human) testing
- Automated testing

Implementation

- Certified Implementation partner (Ferrilli)

Informer GO

- Increasing speed/ease of coding
- Trained on our coding standards
- Just scratching the surface

AI

Informer AI assistant trained on your current shopping cart offerings

So much more than a keyword search or filter

Students can chat with it about classes they are interested in

Priority

-  SSO for enrole
-  Student document uploads
-  Recurring payments
-  Ellucian Banner Connector
-  Imports – self run
-  REST based API

Discussion

Thank you from all of us!
